Read the article about your new son Trig in the Baptist Press.

We have a down syndrome daughter and she has been a blessing to us. She is now 34 years old and living in a home with several other dvelopmentally challenged ladies. She enjoys her independence and the opportunity to "visit" home on the holidays. Below is a poem I found when my daughter was born. I'm sure you will be blessed by it as my wife and I were.

HEAVEN'S SPECIAL CHILD

A MEETING WAS HELD QUITE FAR FROM EARTH

"IT'S TIME AGAIN FOR ANOTHER BIRTH,"

SAID THE ANGELS OF THE LORD ABOVE.

"THIS SPECIAL CHILD WILL NEED MUCH LOVE,

HER PROGRESS MAY SEEM VERY SLOW:

ACCOMPLISHMENTS SHE MAY NOT SHOW.

AND SHE'LL REQUIRE MUCH EXTRA CARE

FROM ALL THE FOLKS SHE MEETS DOWN THERE.

SHE MAY NOT LAUGH OR RUN OR PLAY;

HER THOUGHTS MAY SEEM QUITE FAR AWAY,

IN MANY WAYS, SHE WON'T ADAPT,

AND SHE'LL BE KNOWN AS 'HANDICAPPED'.

SO LET'S BE CAREFUL WHERE SHE'S SENT,

WE WANT HER LIFE TO BE CONTENT.

PLEASE, LORD, FIND THE PARENTS WHO

WILL DO THIS SPECIAL JOB FOR YOU.

THEY WILL NOT REALIZE RIGHT AWAY

THE LEADING ROLE THEY'RE ASKED TO PLAY,

BUT WITH THE CHILD FROM ABOVE,

COMES STRONGER FAITH AND RICHER LOVE.

AND SOON THEY'LL KNOW THE PRIVILEGE GIVEN

IN CARING FOR THIS GIFT FROM HEAVEN

THEIR PRECIOUS CHILD SO MEEK AND MILD

IS "HEAVEN'S VERY SPECIAL CHILD".

Governor-

Maria Bartiromo with CNBC will be in Anchorage next week filming an hour long special on oil and gas. They have requested an hour with you on Monday morning in your office. They are bringing quite an entourage with them. 2 cameramen, make up artist, sound guys etc.

Also, 60 Minutes would like 15 minutes with you to talk about energy issues. They have been pursuing a story about oil and gas for about a year now. This will be the second time you have spoken with the producer.

May I schedule both of these requests?

Dear Gov. Palin and Joe Balash

We appreciate Joe Balash's willingness to meet with us however we really need Gov. Palin attendance and assistance, is that possible? If not please say so.

If Gov. Palin wants to meet with us that would be what is needed now.

With Gov. Palin's help, together with us small oil and gas competitors, we can and will benefit the People of Alaska by allowing small companies to provide more oil and gas at substantially lower cost.

As Gov. Palin has said; Alaskans ARE PAYING TOO MUCH FOR THIER GAS. We would like to help the Governor understand why we can not compete profitably under the current oil and gas policies and laws that where written during years of political corruption. I alone have 25 years of experience in trying to live with these policies and laws and the others small independents have much more to offer then I, but collectively we can help make Alaska more productive if we can just meet and share this special knowledge with the Governor.

We would like to have a time and a place scheduled for this most important meeting to help Alaska's small oil and gas competitors explore and drill for new discoveries! Together we can help Alaska with more oil and gas production now to ease America's Energy Crisis.

Will you please meet with us and if so when and where? Please kindly respond at your earliest convenience.

Sincerely.

Dan... what meeting? Paul

ddonkel@cfl.rr.com wrote:
Dear Governor Palin, Commissionor Irwin and Kevin Banks and all Alaskans

Many of us smaller oil and gas competitors are looking forward to the up coming meeting with Governor Sarah Palin at long last and we can not be more thankful for this historic meeting.

Many believe the time has come to allow Alaskans to compete with the majors for more Alaskan oil and gas production and this up coming North Slope 2008 oil and gas lease sale is a smart time and place to start. America needs more Alaskans competing for more production of oil and gas and as Gov. Palin has indicated many times; more competitors in Alaska's oil and gas industry is desired. Let's make this happen and act now by granting the simply and reasonable changes found below for the up coming "North Slope and Beaufort Sea..NOTICE OF SALE". It has worked in the past and it is clearly "tried and true"!!

Gov. Palin and her many supporters have asked for more competition in Alaska's oil and gas industry for a long time. With our nation's oil and gas shortage and these record high gasoline prices may I suggest doing what has worked in the past when Alaska was the largest oil producer in the Nation. I believe in Gov. Palin's way of doing great things with tried and true methods. So now that we all agree with Gov. Palin's noble efforts to increase competition in Alaska's oil and gas Industry, why not act now?

HERE IS WHAT HAS WORKED IN THE PAST.

If the DNR DOG would act now by simply reducing the cost that of the upcoming oil and gas lease sales and go back to the $5.00 per acre as the minimum bid of the Cash bonus bidding and ten (10) year Lease terms and Royalty Rate of 12.5% on all tracts on all Areawide oil and gas lease sales until Alaskans see the benefits of having Trans Alaskan oil Pipeline filled once again.

Alaska has lost 1.4 million barrels per day and if you figure that loss at $100 dollars per barrel it would help us all to understand what is a stake here. It is time to bring real competition back to Alaska as Gov. Palin has indicated.

If this simply plan is granted then this way Alaskans and Smaller competitors will not be consciously priced out of the Alaska's oil and gas Industry. The facts to support Gov. Palin's call for more competition in Alaska are clearly on Gov. Palin's side.

Almost all Areawide lease sales in the last 8 years have rarely received any bids on more then 3% of the total leases offered that means millions of acres of State oil and gas go every year with no bids and not benefit to the State and all Alaskans.

It is time to support this plan unless Alaska's leaders want to keep Alaskans and smaller competitors kept out of the exploration and production business and let the "Major Oil and Gas Companies" continue produce over 95% and control most all markets. The Majors are clearly enjoying record profits while Alaskan's have been paying the highest gasoline prices in the nation, according to AAA on July 17. The small independents discover around 70% of all oil and gas fields in our nation why continue to price them and all Alaskans out of Alaska's oil and gas the business? See IPAA website.

It will be a clear sign to many Alaskan voters before the Nov. Election where Alaska is heading if this simple request is ignored and not granted in my opinion. Please amend this Notice of sale to reflect these changes or please advise me on why this can not be done to better serve the best interest of the people of the State of Alaska, will you? Please see link to the "Notice of Sale", we are simply asking the Palin administration to amend this notice as stated above.
http://www.dog.dnr.state.ak.us/oil/products/publications/northslope/nsaw2008/nsbs2008_notice.pdf

I have a great deal of respect for Commissionor Irwin and Gov. Palin for what they have said about attracting competition for new oil and gas exploration and production Alaska! As you know time is of the essence, please act know so we know our hope is real!

Please respond so we can help you make Alaska better for all it's fine people. I offer any help I can provide, just let me know what others and I can do to help you.

Sincerely Yours

(530)742-1056

MESSAGE:

Governor Palin,

My name is Bill Williams. I am a family of five and reside in California. I have always dreamed of visiting your wonderful state and possibly moving there when the time is right. I was fortunate enough to join several friends in planning for a hunting vacation on Kodiak Island. It took me a year and a half to save the money for the trip. The trip was scheduled for Sept. 24, 2008. We booked the excursion through Homer Ocean Charters.

I have two jobs. I am a full time police officer and a member of the Air Force Reserves. I was recently notified I will be deploying to Iraq with the reserves. I had to make a decision. I had to choose between spending time with my family or going on the trip. For me it was an easy decision, I chose to spend time with my family prior to the deployment. In addition, I would be able to utilize the vacation time to help off-set the reduced pay I would be earning while activated. Also, the money from the trip would be an extra help for Christmas presents for my children.

My wife contacted Homer Ocean Charters because I have been working fourteen days straight and have not had a day off. I do not conduct personal business at work. My wife explained the situation to Homer Ocean Charters and requested cancellation of the trip. They informed her I would not receive any money back with no exceptions. I had to cancel the trip 120 days in advance to receive any money back.

I understand there are rules and regulations that must be followed. I also know there must be exceptions in certain circumstances. I had no control over this deployment. I will serve my country proudly and I will make sure I get all my men home safely. I do not feel it is right to be penalized for fighting for this country that allows companies like this to make rules with "no exceptions."

I am very disappointed in this company and its lack of support for the military and the United States. Over 4,000 men and women have died in Iraq and this is how Homer Ocean Charters shows its support. I personally feel it is an affront to every person who serves in the United States Military. I hope this company does not treat the soldiers from Alaska like this.

I am not asking for any help to retrieve compensation from Homer Ocean Charters. I did sign the contract that said I had to cancel 120 days in advance. I will accept my responsibility and deal with it. Unfortunately, my family has to suffer as well. I am very disappointed with Homer Ocean Charters and needed to inform someone of this company's lack of support. I am positive the people who work at Homer Ocean Charters would have a different opinion if it was one of them or their family members having to deploy to Iraq.

Thank you very much for letting me voice my dissatisfaction. I would appreciate it if someone from your office could call Homer Ocean Charters at (907)235-6212 and explain to these people the meaning of dedication, service, and sacrifice. Obviously they have not encountered these concepts in their lifetime.

I will continue to serve my community and country with no reserve or regrets. Hopefully I will be able to visit your wonderful state in the future. Moving to Alaska has been a dream of mine for a long time. I know there are great people in your state.

Unfortunately, Homer Ocean Charters tarnished that image for me.

Meeting teachers this morning for first day of school so I won't be in until 10.

I'll talk to you about the decision on Frank's resignation letter; I'll need to speak with Talis about DoL's interviewing process and the Constitutionality of the separation of powers/due process, etc.

See you when I get in.

Has anyone set up the AO/TC-Alaska bill signing yet? Last week I asked Tom that we do this as soon as possible before I head out the last week of the month. I'll be in kenai on Saturday and thought that could possibly be a venue for the signing.

Also, confidentially- we still need to talk and plan around the abortion bills, hopefully we can touch on that today. Thanks

MESSAGE:

A few weeks ago I spoke to someone in the governor's office about a beautifully made home move (35 millimeter now on DVD) take by my grandfather of the Yukon River Boat Tour in 1948. The person I talked to said that she would convey my message on to someone in your office dealing with tourism (I suppose...). I had wondered if anyone would be at all interested in reviewing this DVD clip to see if all or any part of it might be useful in promoting tourism in Alaska. Admittedly, the vogueing and posing of my grandfather and his guests on the trip was a bit corny, but, of course, that part can easily be omitted.

Pleast respond as to whether you would be interested in having me send along a copy. I am now in the process of making a copy of the DVD for myself and could either send that one which could then easily be returned to me in the mail, or I could have a separate copy made and forwarded to your office or that of a tourism related staff member. As I mentioned in my phone conversation, I am not considrring a home movie as a source of financial value, but in a more artisitic and historical sense since I feel the quality, color, etc. is amazing considering the era in which the movie was made and how long it has been stored.

Please inform. My cell phone number is (509) 263-5681. I will be travelling for the next

few days so a phone call might be the surest method of contacting me since I will not be returning to Spokane to pick up my mail for at least one week.

Thank you,

Kathy McDevitt

Governor - I have pulled the original request to read through it from PSEA.

The original request came from Vernon Marshall, Capitol Consultants on March 29, 2008 with the dates of April 7-11, April 21 or 22, May 5-9, May 19-23 or May 26-30 to meet with the Governor in regards to:

DPS Budget, VPSO Budgeting and Union Negotiations. Mr. Marshall was requesting the meeting on behalf of John Cyr, PSEA Executive Director.

On May 07, 2008 I responded directly by phone to Vernon Marshall. I explained to Mr. Marshall that the meeting request was declined as the Governor has 927 new items to

Good morning,

He and my nephew were the best that a brother could have. Brain was always there when I needed him for financial advice or family support. Brandon is a child you dream about, never and trouble and loved the outdoors and to fly like his dad.

It's been a tough year for the Andrews. Our father Rupe died of cancer just a year ago in March, a very good friend of mine, Mike Zagars was murdered in Wasilla on May 31st by his crazy neighbor. And now my brother and nephew missing in an airplane. We here these stories and never think they can happen to us, but they do happen. I hope you and your family don't have to go through such tragedies.

Thank you again, for what you've done in the effort to find Brian and Brandon.

Sincerely,

Clyde Andrews
